The rate will be converted based on the applicable exchange rate for passengers paying in local currency. A handling fee is levied per sports equipment. The weight of such sports equipment will count towards the calculation of a passenger's permissible baggage allowance and standard excess baggage charges, if applicable, will be levied over and above the handling fees.

Passengers booking Akasa Air flights have the option to pre-pay handling fees for up to two (2) items of sports equipment (including, skiing equipment, golf bags, bicycles, surf boards, snow boards, water skis and scuba diving equipment) per passenger per journey online. The Service is non-refundable, non-cancellable and non-transferable. The fees will be refunded only in case of cancellation of the flight booking for the passenger against whose name such service has been purchased, or cancellation of the entire flight booking by the passenger, or the flight being cancelled by Akasa.

Additional information:

Passengers are permitted to carry up to five (5) litres of Holy Water (including Zamzam water) as checked-in baggage, provided it is properly packed in a sealed and leak-proof container. This will form part of the applicable checked-in baggage allowance made available to the passengers for their flights. Eligible passengers who have purchased student fare can carry one piece / bag up to 25 kg on domestic flights only.

Pre-booked Excess Baggage is non-transferable and needs to be purchased for each sector separately.

Any modification/cancellation to the pre-purchased Excess Baggage is not allowed once purchased.

Once pre-booked, this service can only be cancelled along with the cancellation of your flight booking.

This service will be refunded for fully or partially cancelled bookings.

In case of a date change, this service will be transferred to the new booking.

No refund will be provided in case of no show/gate no show or for passengers who do not avail of this service in spite of purchasing excess baggage.

For the avoidance of doubt, the aforementioned charges shall be subject to any additional service fees/charges that may be payable by the passengers in case they request for an add-on service at an international airport.
