HELP

Request a refund

Complete our form to request a refund for flights or related services, such as lounge access or excess baggage.

Important Information

You can request a refund by completing our form. We will process the refund according to the rules of your fare at the time you bought your ticket.

You may use this form for refund of taxes if applicable, after completing your journey to avoid cancellation of the unused portion of your journey.

You may also use this form to request a refund of any additional services you have purchased such as paid seats, pre-paid baggage, lounge access, and other optional services. Before submitting your request, please note:

Refunds of additional services will be processed in line with the product terms and conditions.

If you are requesting a refund of an additional service along with your flight ticket, please enter the "EMD Receipt" number for the service along with the e-Ticket receipt number to avoid delays in processing your request.

If you are only requesting a refund of an additional service not provided, please submit your request only after completion of the journey. Only enter the "EMD Receipt" number for the service. Please do not submit your "e-Ticket" number for a refund as this will cancel your entire itinerary.

If your flight ticket and any additional services were purchased through a travel agent, please contact the agent for a refund.

If your flight ticket is issued by a travel agent but you purchased additional services directly with Emirates, you can request a refund by completing our form.

If you are resigned staff, you can request a refund by completing our form.
